

Powerful collaboration at your fingertips

Ricoh's high-quality interactive whiteboard A8600 encourages innovative collaboration anytime, anywhere, and with anyone. You can use it to enable ideas to be shared right away and reduce work to produce meeting minutes, helping to maximize team performance. At the same time the A8600 is affordable, intuitive and customizable, perfect for the new normal, hybrid classrooms.

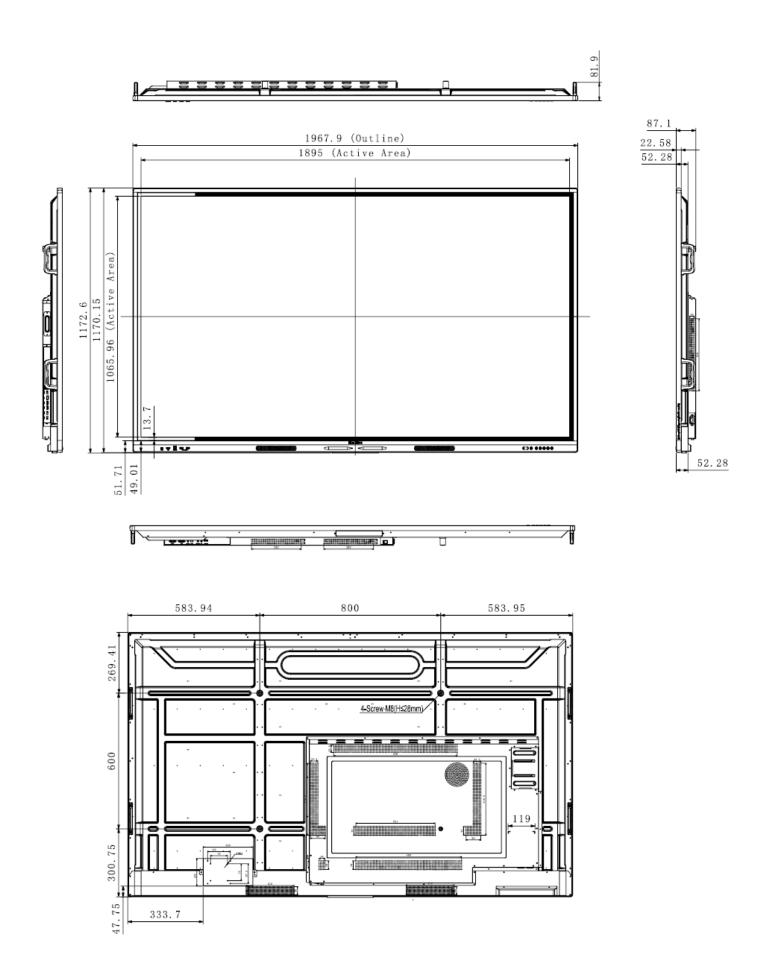

In education remote learning and collaboration are the new normal, where hybrid classrooms must allow real-time participation and information sharing with in-person and remote attendees allowing external sources into the classroom. Our interactive whiteboards are affordable, intuitive and customizable.

Teachers can now simply plug in a laptop to start lessons.

Businesses reap benefits from the easy-to-use interface and built-in Apps, that offer seamless communication and collaboration. Ideal for hybrid working, allowing multiple people to write on the same screen. Save time taking minutes and notes, you can capture annotations in real-time. Cast multiple screens wirelessly at any time and maximise collaboration.

- · 86 inch for larger conference rooms and higher education lecture halls
- · Real-time information sharing
- · Customizable home screen for easy access to frequently used functions
- · Versatile connectivity with front-facing interfaces
- 4K UHD display and powerful audio
